EDITORIAL PROFILE

Where to Retire tells its readers who’s moving where and why. In addition to examining popular retirement locales, it goes beyond the well-known Sunbelt spots, reaching across the country to spotlight smaller towns and undiscovered havens with lower costs of living.

Where to Retire is filled with vital information on climate, state and local taxes, cost of living, housing costs, health care and other important issues, plus lively and candid interviews with retirees who have relocated, including their tips on what to look for and what to look out for.

Where to Retire even tells its readers how to find the best neighborhoods and developments to suit their active lifestyles, how to buy and sell a home, and how to get involved in a new community.

It is the authoritative source of useful information for the 700,000 Americans who move to new towns to retire every year.

The industry of retirement migration already generates billions of dollars a year in sales of everything from real estate to financial services, health care, utilities and entertainment. It is responsible for a massive geographical redistribution of wealth and income, and if you’re involved or thinking of getting involved in attracting retirees to your state, town or development, Where to Retire is the place to start.

ABOUT THE EDITOR, ANNETTE FULLER

Annette Fuller, editor of Where to Retire, has spent more than 30 years in reporting and editing at major daily newspapers in four U.S. states as well as Africa and Asia. She leads a team of writers across the country keen on uncovering retirement relocation stories and facts that serve as the best foundation for any post-career move.

“Since its launch in 1992, Where to Retire has provided an insightful look into how thousands of retirees made their decisions about where and how to move once their full-time work was complete,” Fuller says. “Their cumulative wisdom as well as the facts and figures from the experts combine to make entertaining and informative reading. Readers find that we are their best relocation partner.”

A graduate of the University of North Carolina at Chapel Hill with a degree in journalism, Fuller has worked at the Winston-Salem (NC) Journal, the Baton Rouge Advocate, the Indianapolis Star and The Dallas Morning News. She continued her career as a journalism consultant for the U.S. Department of State in Algiers, Algeria, and then as an editor and trainer for China Daily in Beijing, before coming to Where to Retire.

Fuller is dedicated to finding eye-opening possibilities and advice. “Whether they are 10 years or 10 days away from retirement, our readers tell us that the magazine helps them formulate the lives that they want.”

The Retirement Planning Guide is a reader service section located at the back of the magazine. Each ad receives a number that readers can use to request information from advertisers using a bound-in reader service card or by visiting WhereToRetire.com. Retirement Planning Guide advertisers are listed on WhereToRetire.com with two lines of descriptive text. If a display ad is run in concert with a Retirement Planning Guide ad, readers will also be referred to the display ad page at the bottom of the Retirement Planning Guide ad (i.e., “See our ad on page 92.”)

An advertiser will receive leads that include the name, address and, when provided, the verified email address of any reader who requests more information from that specific advertiser. These leads are sent weekly in an Excel spreadsheet via email. For $100 per issue, advertisers will receive one mailed batch of printed labels after all leads have been collected.

The Retirement Planning Guide ads are formatted in house and are available in two sizes: Plan AA and Plan A.

**Plan AA:** Six ads per page. Advertiser sends a 4/C image and 75 words of copy to the publisher.

**Plan A:** 12 ads per page. Advertiser sends a 4/C image and 30 words of copy to the publisher.

WhereToRetire.com’s Free Retirement Info
When a visitor to WhereToRetire.com selects to receive information from an advertiser on the Free Retirement Info page, a link to the advertiser’s website will be presented as soon as the form is submitted.

WhereToRetire.com captures the contact information for the advertiser to be delivered with the next batch of leads and gives the site visitor instant access to information from the advertisers in which they are interested.
